Week 7 Assignment

FACULTY OF ENGINEERING, RUPP

COURSE: WEB AND CLOUD TECHNOLOGY PART II

INSTRUCTOR: TOUCH NGUONCHHAY

TASK 1

There are some assignments that you already did. By using git, you have to complete the following tasks:

1. Create a new repository on GitHub (https://github.com/)
2. Create a first commit with this text "Kick start repository for assignment"
3. Push week 3 assignment with commit message "[TASK] Week 3 assignment"
4. Push week 4 assignment with commit message "[TASK] Week 4 assignment"
